ASAP Systems | Inventory Management and Asset Tracking

THE CHALLENGE

The pharmaceutical industry is heavily regulated and requires documentation of everything.

“ We generate thousands of documents a year and needed a system to track everything. ”

Many employees need documents to be made available to them at a moment’s notice and needed a simple solution for document tracking, anytime and from anywhere.

IMPLEMENTATION

The solution? Our Cloud and Barcode-Based Asset Tracking System. Within Glenmark, many employees require document tracking. With our Asset Track System employees were able to request documents, check them out, and at a later time documents would be checked back in.

“ There are dozens of daily Check Out/Check In transactions processed daily. In addition, We appreciate BarCloud's level of customization in regards to entry fields for assets. ”

said Bryan VanCleve, Document Control Supervisor.

The company tracks approximately 8800 asset items and documents account for 95% of assets tracked. The Cloud-Based Asset Tracking System includes Barcode Tracking which enables Glenmark Pharmaceutical to mark all documents and equipment with barcode labels and accurately track them through the Document Tracking System.

TANGIBLE BENEFITS

Our Cloud and Barcode-Based Asset Tracking System, has improved efficiency and enhanced productivity.

“When we have FDA/Internal audits, BarCloud allows us to shorten the time that it takes to locate documents and present them for review. ”

explain Bryan VanCleve, Document Control Supervisor

The Asset Tracking System enables users to perform online asset management, and proper tool tracking, equipment tracking, and item tracking. Using the Checkout System, users can easily locate any checked out item and identify when the asset item is scheduled to be checked in. Additionally, being a Cloud-Based Barcode Tracking System which offers users, to open any web browser whether on a desktop/PC, mobile devices or tablets and easily login into the System.

CONCLUSION

ASAP Systems offered their solution to track critical documents and the ability to locate documents quickly and accurately. Our Cloud Based Asset Tracking System was the right prescription for Glenmark Pharmaceutical.
